Career Highlight with the Starz

The moment I'll always remember was May 24th playing with my Bladen County Starz. During our first game against the Carolina Royals, we were already ahead when I stepped up to the plate. With two runners on base, I connected with the pitch perfectly and watched the ball soar. The feeling when I knew it was going over—there's nothing like it! Hitting that walk-off three-run homer to finish the game 20-0 was incredible, especially having my teammates rush to home plate to celebrate with me.

Even though we faced challenges later that day against the Carolina Travelers, our team showed real heart by bouncing back to defeat them 2-0 in the gold bracket. What made that day even more special was going on to win the championship! All our hard work paid off with that trophy in our hands. That home run was definitely my proudest moment in softball so far, but winning it all with my amazing teammates is something I'll cherish forever
